

# VINCA MINOR

## OVERVIEW

Low growing herbaceous perennial with lovely pale blue flowers. Often grown as ground cover or creeping along walkways. Tolerates shade and so is a popular ground cover choice beneath trees.

## WATER

Plants will grow more quickly with moderately moist soil, but will tolerate some drought conditions. Water deeply but infrequently when rainfall is absent.

## LIGHT

Part to Full Shade

## SOIL

Thrives in rich, well drained soil, but will tolerate most soil types.
